

Plastic Fillings

...for the demanding builder

made in Germany

K-design GmbH has many years of experience in processing and manufacture of plastic house door fillings. Our trained staff and modern machine outfit ensure consistent product quality that meets all requirements.

www.k-design-dernbach.de

Our extensive and multi-faceted range of plastic fillings offers a suitable appearance for any taste from the classical model to the modern "design door". Thanks to a large selection of high-quality insulating glazing with high heat insulation value we can meet all needs and wishes.

More than 350,000 K-design fillings have been used successfully in hard daily use for many years.
